

3M

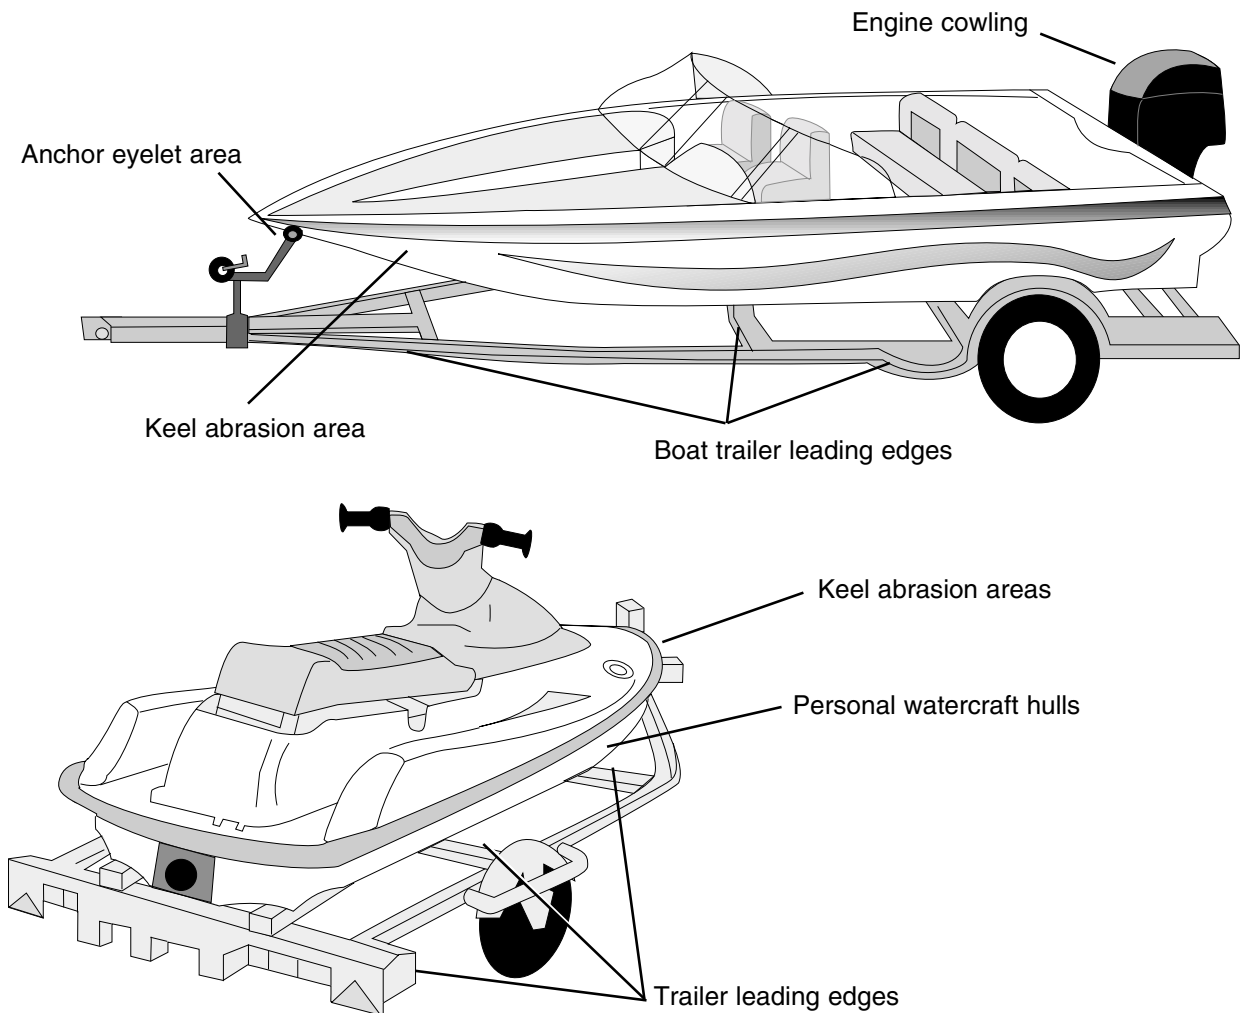

Scotchcal™

High Performance Protective Film

Marine Applications

3M™ Scotchcal™ High Performance Protective Film is specially designed to preserve the beauty and integrity of exterior marine finishes. It is ideal for protecting surfaces in high-wear areas from abrasion and leading edge surfaces from stone chipping. Best of all, it is *virtually invisible*.

Typical applications for protection:

3M Marine Trades

3M Center, Building 223-6S-06
St. Paul, MN 55144-1000
1-877-3M-MARINE (1-877-366-2746)
